INTRODUCTORY.

In presenting to our patrons and the general public this fifth edition of the QUINCY DIRECTORY, we would express the hope that it may meet every reasonable expectation. It is scarcely necessary to state that the difficulties and expense attending the compilation of such a work are very great, and not to be appreciated by any one unfamiliar with the business.

We have made a specialty of compiling city directories for the past thirty six years and it has been our sincere purpose and earnest endeavor to do our work faithfully, and in return, may we not ask the generous support of an undivided community ? We call special attention to advertisers who *have* favored us in this edition and bespeak for them a liberal patronage.

Respectfully,

W. A. GREENOUGH & CO.

Dr. RALPH M. FOGG, DENTIST,

Teeth extracted absolutely without pain by the use of the "Boston Vegetable Vapor."

This new anæsthetic produces absolute insensibility to pain, is safe and has no ill effects.—Christian Advocate.

It controls the patient longer than gas and is much safer.—Portland (Me.) Globe.

It is claimed that, while it has the required properties of ether, chloroform, nitrous oxide gas, it lacks the disagreeable and dangerous qualities of these drugs. It is certainly a boon to suffering humanity to be relieved of the nausea too often following the administering of sedatives of the old school.—Boston Transcript.
